

BRINGING BALL down court is a must if one is to score baskets and working the ball toward the hoop is what these two Lincoln-Way players are endeavoring to do. No. 23 is Jorgenson and No. 11 is Batson. The two Bremen players are not identifiable here because their numbers are covered. Bremen won 51-49 in the closing seconds of play.

Father, Son Burned When Fire Hits Old Landmark

Two members of a New Lenox family suffered burns when the members were routed from their historic residence by fire last Sunday morning. The blaze was discovered shortly after 7 o'clock and brought the New Lenox fire department quickly to the scene. Damage was estimated at \$10,000.

The building, the ancient two-story home on U.S. 30 at Lincolnwood that once served as a tavern and stage stop, was occupied by the Donald Braasch family.

Donald Braasch, 27, suffered first degree burns to face, neck, right arm and both feet when he went back in the house to rescue his two-year-old son, Gary. The child also suffered first degree burns to face and right hand. Both were treated at Silver Cross hospital and released.

There are six children in the family. The other five, Stephen 1, Diana 3, Debra 4, Larry 5

and John 7, with their mother, Marie, 26, escaped the burning house thru a bathroom window. Braasch had gotten out too but seconds later he discovered that Gary was still in the house and he went in and got him.

New Lenox Fire Chief Otto Bormet, who estimated the amount of damage, said that the TV set was literally melted and it was believed that a possible shortcircuit in the set was responsible for the fire.

Fire damage appeared to be concentrated in the northeast portion of the house, the chief said, but there was smoke and water damage to other parts also. The damage to the building and contents is reported to have been covered by insurance.

The building is said to date back to before the Civil War. Firemen remained at the scene for some two hours.

The house is reported owned by Peter Radakovich, of Joliet.

AIRMAN THIRD CLASS Martin A. Cooper, son of Mr. and Mrs. Wendell H. Cooper of 1507 N. Cedar road, New Lenox, has graduated from the technical training course for new members of the AF medical service at Greenville AFB, Miss.

The airman received orientation training on the mission of the medical service, basic hospital procedures, emergency medical treatment and mass casualty care as an introduction to his new job specialty.

The airman is a graduate of Lincoln-Way high school and is a former student at Joliet Junior college.

Invite Grade Pupils Parents To Lincoln-Way

Parents of eighth graders in the Lincoln-Way area will be invited to the high school April 15 and 16 to discuss their child's future in high school.

Recently, tests were given to more than 300 eighth grade students to help indicate their present achievement in reading, math and vocabulary skills. The tests given help the high school counselor measure the child's development in the three areas mentioned. Success in high school depends largely on these skills.

L-W Cagers Lose To Bremen And Plainfield

BY GREGG FANT

The Lincoln-Way Knights played the Bremen Braves last Friday night on Bremen's home court and dropped another close ball game to the Braves by a final score of 51-49. In the first game between the two teams Bremen was the victor by a score of 47-44.

The Knights jumped off to an eight point lead early in the first quarter, due primarily to the fact that Bremen could not get its offense going. They scored their first point at the 4:25 mark in the first quarter and the Knights held on to the lead at halftime by a score of 30-22. Then in the second half, Bremen really put the rush on the Knights and finally pulled

even with only 2:42 left in the ball game to tie the score at 46 all.

Then Bremen pulled ahead for the first time in the ball game on a free throw by Bill Beckwith which made the score 47-46. At this point, the Knights had a basket by Howard Grimes nullified as he was called for traveling. This decision was one which was changed by the referee after what seemed a duration of about ten seconds and after he had called the basket good, Joe Samojedny then hit two free throws for the Braves to make the score 49-46.

The Knights then pulled even on a free throw by Russ Batson and two free tosses by Al Hodge. The Braves stalled out the last

minute and with only ten seconds left in the game, Bill Beckwith scored the winning basket for the Braves to make the score 51-49 in favor of Bremen. The Knights failed in one last desperate attempt to tie the game in the last four seconds when Howard Grimes' shot hit the back of the hoop and bounced out. This loss gave the Knights a 1-7 conference record and a 2-14 overall record while the win for the Braves boosted their conference record to 4-4.

On Saturday night, the Knights faced off against the Wildcats of Plainfield in a non-conference game. They came out on the bottom of this scramble also, losing to the Wildcats 67-56. This was the second

loss of season for the Knights to the Wildcats.

The Knights kept the game close until early in the fourth quarter when, trailing by only two points at 52-50, the Knights suddenly found themselves trailing by a score of 60-50. The Wildcats scored 13 of their 23 total free throws in the final frame, outdoing the Knights in both departments. They tallied 22 baskets to the Knights 21 and scored 23 free throws to the Knights 14. There were 43 personal fouls in the ball game, 24 called against the Knights.

Leading scorer in the game was Jay Zupancic who scored a total of 28 points on ten baskets and eight free throws. Howard Grimes and Al Hodge shared scoring honors for the

Knights with 15 points each. This loss dipped the Knights season record to 2-15.

The sophomore Knights split two games in the two nights, losing to the Braves and coming back to beat the Wildcats by a score of 41-35. The loss to the Braves made their conference record 2-6.

This Friday night the Knights travel to Evergreen Park to play the Mustangs in a conference contest. The Knights previously lost to the Mustangs by a single point, 51-50.

Area Has Bright Outlook, Declares Noted Geographer

A community, an area without a plan is doomed to a chaotic existence, Dr. Harold Mayer, noted geographer and planner from the University of Chicago told an audience in the Lincoln-Way high school auditorium Monday night.

Dr. Mayer spoke at the school thru arrangements by the citizens committee that is assisting the high school board in selecting a site for a new school. Dr. Mayer was introduced by Supt. A. Hunter Chapman.

Village and town officials, members of the various school boards in the area, pastors, business men and farmers made up the audience.

Location of a high school, Dr. Mayer said, should be in accordance with a plan for the area. A high school, he pointed out, is a major focal point in an area and has a community function to perform as well as serving as an educational center.

Schools, he went on, should be related to the transportation facilities, the residential density, the social-economic make-up, industry, commerce and business.

This area, Dr. Mayer said, is due for great population growth and changes.

"It is one of the most strategically located for industrial development of any in the midwest. It is located on the fringes of the Chicago urbanized area and in no other direction from Chicago is there a comparable amount of open space available for development as close to the center of the metropolitan area.

"Suburban expansion is beginning to accelerate in a southwesterly direction from Chicago and easterly from Joliet. The area is served by several railroads. One of them is the Rock Island, which has freight service as well as commuter service between Joliet and Chicago. Waterway transportation is readily accessible with the terminals of the Calumet region to the east served by ocean, lake and barge lines. Less than ten miles to west is the port of Joliet, a major port for barge service on the Illinois-Lakes - to - Gulf Waterway.

"Air transportation is conveniently accessible over modern highways within a half hour from O'Hare airport and by several smaller airports for private and industrial planes in the vicinity. On the other hand O'Hare field is sufficiently distant from the area so the planes do not constitute a nuisance or a hazard.

"The excellent existing highways are about to be supplemented by I-80, with completion expected next year of the link, slightly over 20 miles in length, between Hazel Crest and Joliet, constituting a strategic link in the principal transcontinental route serving northern Illinois.

"With completion of the missing link in Interstate 80,

the potential for population growth and industrial expansion of the area will rapidly be realized and a very substantial growth of residential development and of industries may be expected.

Planning for the future requires education of the people in an area as to its aims and aspirations, Dr. Mayer said. By doing this, he added, the people now who soon will be in the minority will still have a voice and hand in control of the development.

He cautioned that there is not enough industry to go around.

Good industry, he said, looks for a good community. It wants good people, good schools, good government and is more interested in those things than it is with the tax rate. When it comes to taxes, he declared, industry is more interested in what its tax dollars will buy rather than how much the taxes are.

What an area is to be, he added, is up to the people. They can make it whatever they want it to be.

Mokena Girl Chosen To Attend School In Japan

Margie Olson, a junior at Lincoln-Way high school, was selected by the local chapter of the foreign exchange student program to represent her school in a foreign country. Japan is being considered by the committee as the country for Margie to go for the school term abroad.

This program is sponsored by the Lions International headquarters in conjunction with the Lions of Lincoln-Way club. Margie is the daughter of Mr. and Mrs. Robert Olson, 11301 W. 193rd st., Mokena and has been active in the Future Teachers Association, and was chairman of the American Education Week program. She is also a member of the L-W Rhythm Knights, treasurer of the French club, and is a member

Hootenanny To Raise Funds For Foundation Camp

A hootenanny is scheduled for Palos area lovers of folk singing. It is scheduled for Saturday, Feb. 1 at 8 p.m. in Carl Sandburg high school, under sponsorship of the Community Center Foundation, Palos Park.

Jeff Winkless, nationally known folk singer and guitarist from Chicago's Old Town will perform and serve as master of ceremonies. Assisting him will be Dody Kallich, Marion Preble, Darlene Blevins, Ted Johnson and Shirley Hirsch.

Tickets are \$1.50 for adults and \$1 for students, and they may be purchased at the door. All proceeds will go to the support of the Foundation Farm Camp, primarily in scholarship funds for needy boys and girls when the camp starts its 31st season in June.

ON HONOR ROLL

The following students from this area made the academic honor roll for the fall quarter at Eastern Illinois university: Bonnie VanRheeden, Frankfort; Gayle Harling, Mokena; Gwendolyn Doering, New Lenox.

HALF THE FUN of traveling is the planning. These four young ladies are looking over their plans for their European tour with the school band and school chorus of America for this summer. Left to right are Jenny Doering, Martha Otto, Susan Webb and Linda Shreffler.

Burglar Gets Little Loot But Causes \$3,000 Damage

Burglars or vandals again broke into Cook's restaurant, Wolf rd., Mokena sometime early Tuesday morning and while the amount of money they may have obtained was believed small they caused damage estimated by investigators at around \$3,000.

Most of the damage, however, was done to equipment not really a part of the restaurant or building. Entry was gained by kicking in the full length glass door opening into the restaurant from the south. One of the large windows on the south side of the building was broken out with a pop bottle.

The invaders then set to work on some of the equipment. The juke box, valued at about \$1,800, was smashed, as was the cigarette machine and the cigars carried off, the pinball machine, a glass case used to display

bakery goods, a softdrink cooler and the pay telephone. The cash register drawer was also forced.

It was believed the person or persons responsible took whatever money was to be found in the machines.

Joseph Cook, operator of the restaurant, did not have an immediate estimate as to his loss. The machines that were smashed, of course, did not belong to him.

Police Chief Roy Newton called in the sheriff's office to check the place for fingerprints and John Shelly, chief investigator, was sent to the scene. The burglar apparently cut himself in breaking up the machines as there were bloodstains about the premises. The break-in was discovered about 6 a.m. by a deliveryman.

ART WORKSHOP at Lincoln-Way high school covers a nine-week period that concludes March 5. It was set up for elementary teachers from the six grade school districts comprising the high school district. Attendance is for two hours every Thursday night. It is intended to aid teachers to plan better art activities and a comprehensive art program using simple materials. The objective is achieved thru the actual doing of the projects along with the instructor and listening to talks by important art educators. Watching and partaking in material demonstrations by leading art supply houses is also a part of the course. The speaker the day this picture was taken was John Wesle (standing), assistant professor of art education III, State university at Normal. The others, left to right, are Mrs. M. A. Mooney, Oakview school, New Lenox; Mrs. S. J. Parker, Mrs. Virginia Osmus, and Robert (?) Davenport, of Frankfort grade school.

PORTABLE BLOWER, on the ground, is being used to force smoke into the Orland Park sewer mains in a search for leaks. Some of Mokena's village officials were there to watch the experiment. One of them, Trustee Daniel Hecht is the man at the right, in the left foreground is William Young, an employee of Orland Park and at the top is James Bohannon, one of the crew from Hulett Construction Co. which was doing the work. The other crew member, Edward Graefen, was down the street checking home service line leaks when this picture was made.

A well known evening discussion program on television, Saturday evening, had Rev. Mahon as a guest panellist. He expressed pessimism as to settlement of the Panamanian problems at an early date. The Communists are reported as having easy conquests due to the fact that the majority of the Panamanians as well as other Latin Americans, live under conditions that existed in the United States over a hundred years ago before our industrial revolution and the countries of central and south America are only now starting to industrialize. Living so close to Americans, it is hardly surprising that Panamanians are envious and highly sensitive to any social slight. Our standards of living are so far above their own.

While world events have been pressing for the earliest completion of I-80 to make certain we have a continuous heavy duty highway to the west coast, the director of the state highway department, Francis Lorenz, told a meeting of the Special Traffic Committee of the area from Hazel Crest to Mokena, etc., called by its chairman, Mayor Maurino R. Richton of Chicago Heights, that completion of the complete distance from UF #66 to Hazel Crest, would depend on the date when Rex Whitton, Chief of the Bureau of Roads in Washington, would agree to have the government take part in the purchase of the Kingery connection of the toll road. He said that otherwise the date of completion was difficult to state at this time. Present plans are to build I-80 east from US #66 to Cicero Avenue.

Both state highway department and the toll road commission are under control of Governor Kerner thru appointment of the top officials. Both Governor Kerner and Mr. Lorenz are ex-officio members of the toll road commission.

Mr. Lorenz spent most of his time before the traffic committee, stating that the Kingery purchase seemed the only solution and the members of the committee could best serve their areas by inducing their friends to write their congressmen stressing the need to have the federal government purchase the Kingery from the toll road.

When Mayor Richton asked for questions from the floor, one of the first was to ask why the arrangement between the toll road and bureau of roads and state highway department at time of I-80 planning, was not carried out? Lorenz would not answer directly, but stated he did not want to be put in position of criticism of a previous administration, but that critics should realize "there is now a different political group in Springfield". Mr. Lorenz stated several times that there was no "written agreement" as to connection of Kingery to I-80 at Hazel Crest.

There was criticism from the floor as to the concentration of a large percentage of available highway funds on the completion of the Southwest Expressway from Chicago to connection with U.S. #66 which is I-55. Lorenz advised that his department had found themselves unusually fortunate in that all of the right-

able for the task and highway capacity to get it there.

Students of history since the building of the Panama Canal, have all learned that this canal is vital to our existence as a nation and its closing would be a serious handicap in our defense needs as well as economic disaster. Military moves of today are done thru use of geography and economics to defeat an adversary. An absolute requirement is rapid and efficient transportation potential.

Many of those who see the canal from end to end, wonder about the apparent likelihood of ease in starting earth slides with which the canal has long been afflicted. The locks are not the Achilles Heels.

Mokena Moves Toward Widening Of Wolf Road

The Mokena village board has adopted a resolution which has been forwarded to the state highway district engineer's office at Elgin asking state participation in a plan for widening Wolf road between LaPorte road and Third st.

Village Engineer Ralph Yunker brought the matter before the village board at the Dec. 10 meeting when he reported that the state was ready to pay 75% of the cost of the project, including installation of a storm sewer.

Morton B. Lang, of Benjamin & Lang, a Chicago firm dealing in municipal bonds, told the board that he had several ideas for financing the proposed extension of the village water system. He said it could be done thru party bonds, second lien bonds or general obligation bonds. He advised use of G.O. bonds. Board members are to discuss the matter further at their next meeting, they said.

St. Mary's parish is to enclose its old church and cemetery with a chain link fence, Joseph Bernardin, in behalf of the church, asked board approval, which was given. The board agreed to close off St. Mary's road and informed Bernardin that a letter to that effect could be expected by the parish from the village attorney.

The liquor license ordinance was amended to permit issuance of a license for a package store.

Cooper-Hostert's figure of \$1,560 for a new squad car was the lowest of three submitted but no further action toward purchase was to be taken until the special meeting tonight. At this time Village Treasurer Durward Fant will present figures showing the financial position of the village.

Gasoline stations have been checked for safety and licenses issued.

CHECK INSTEAD OF TRIP was the choice of Mr. and Mrs. Richard E. Fenoglio, of Joliet, shown here receiving a \$500 check from William Burkhardt, senior vice commander of Wm. Martin Post 25, VFW, of Mokena. The Fenoglios decided they would rather have the dollars than a week's vacation at Miami Beach, Fla., which was their privilege. The gift came their way as a prize, awarded at the VFW mid-winter dance last Saturday night. The affair was well attended.

Mokena Firemen Respond To 91 Alarms In Year

Grass fires were responsible for most of the calls made on the Mokena volunteer fire department last year, according to Chief Robert Rust.

The Mokena department responded to 91 calls in its district between January and January 49 of those alarms were accounted for by grass fires.

There were 21 alarms for fires in buildings and six for automobile fires. Seven runs were made by inhalator crews and there were four calls listed as miscellaneous and four as false alarms.

Busiest time for the department, believe it or not, is the summer, especially when it is dry and hot. Last summer firemen sometimes had seven calls a day.

Lincolnwood 4H Club To Take Part In Rally

DELORES ANDERSON

Telephone: 485-3651

Members of the Busy Hour 4-H club met Thursday night, Jan. 23 at the home of Miss Kathy Taylor, Lincolnwood.

New Telephone Book Out This Week In Area

Starting this week, more than 7,200 residents of Frankfort, Mokena and New Lenox will have copies of a new book delivered to their homes and offices.

The book has been in preparation a whole year, has no plot, and its authors consider it unlikely that anyone will read it from cover to cover. That doesn't discourage the authors, for they know from experience that the book in question, the latest issue of the telephone directory, is both used and appreciated by its readers.

This year's issue has two innovations, according to Ed Johnson, Illinois Bell manager. "In order to simplify locating 'frequently sought information' we have put an abbreviated table of contents on the cover of the directory. The full table of contents, however, is still on the first page of the book," Johnson said.

"We have also learned from experience," Johnson continued, "that customers like to write down the numbers of tel-

ephones they call frequently. This year, on the back cover, we have provided space for that purpose. There's enough room for customers to write in thirty telephone numbers."

The new directories will be put in the mail this week. Customers who have not received a copy by tomorrow should call the telephone company business office requesting one.

"We're asking customers not to begin using the new directories until Feb. 2," Johnson said.

"This particular issue contains more than 2,500 new telephone numbers. The majority of the new numbers are for customers in Lemont and Plainfield and come about as a result of transferring service to two new telephone exchange buildings in these communities. The new telephone numbers for these customers will not become operative until Feb. 2. Dialing these numbers before that date will result in an incomplete call," Johnson said.

LW Band Busy Preparing For Annual Competitions

With annual band contests to be held during the next few months members of the Lincoln-Way high school band are busily practicing to enter into competition. Contests will start on Saturday, Feb. 1 when the stage band, composed of 18 members, with Richard Johnson directing, will participate in the annual stage band contest at Oak Lawn.

At the January Band Boosters meeting it was announced solo and ensemble contests will be held in March and the band will compete for honors in April. More details will be given at a later date.

In order to increase needed funds for the treasury, plans are being formulated to sponsor a public card party, Saturday, Feb. 29 with Mrs. Wendell Hamilton and Mrs. Edwin Mazurek, both of Mokena, as chairmen.

Will So. Cook Soil Group Elects Board For 1964

A record crowd of 238 persons were in attendance at the annual dinner meeting of the Will-South Cook Soil & Water Conservation District held Tuesday, Jan. 22 in the firemen's hall at Elwood. The meeting was co-sponsored by the Will County Sportsman's Club.

Floyd Zebell, president of the Sportsman's Club, called the meeting to order with the Rev. Robert Sills, pastor of the Elwood Presbyterian church giving the invocation.

Following the serving of a turkey dinner Zebell welcomed the assembled guests with a response given by Loren L. Sass, president of the Soil Conservation District, who served as Master of Ceremonies during the balance of the evening.

A barber shop quartet from Joliet, with John Rauworth, leader, provided the entertainment by singing several selections.

Minutes of the last annual meeting was read by Richard McHugh, secretary of the District and the financial report was given by Robert Norman, treasurer.

Allan May, soil conservation-

ist, gave a report on the activities and accomplishments of the District during the past year and Tom Morgan, work unit conservationist, expressed his gratitude and appreciation to those assisting in the aid of the District program, through their time and effort, in obtaining a successful operation.

Prior to the main address of the evening, an election for District directors was held with the following men to serve for a two year term: Erwin Schmaedke, Mokena; William H. Stelter, Tinley Park; and George Archibald, New Lenox. Richard McHugh, Manhattan and Robert Norman, Peotone, whose terms of office have not expired, are returning to the board of directors.

Phillip Francis and Ronald Strawson, 4-H club members, presented a demonstration on the subject, Save Our Soil.

Dr. Ernest W. Anderson, leader, Extension Service of the University of Illinois, spoke before the group on ways and means of planning an effective action program. He illustrated his talk with the use of a flannelgraph board.

Friends Greet Frankfort Couple On Anniversary

Mr. and Mrs. George Schroeder, 144 Pacific st., Frankfort celebrated their 50th wedding anniversary, Sunday, Jan. 26 in Fellowship Hall at St. Peter's church, Frankfort.

Mrs. Schroeder was presented a corsage of yellow garnets and chrysanthemums and Mr. Schroeder a garnet boutonniere.

Her attendant of 50 years ago, Mrs. Harold Spliss, was present. The other attendant was the late Emil Schroeder.

The guests were received by Mr. and Mrs. Glenn Schroeder.

eder, Mr. and Mrs. Donald Schroeder and their families. At the guest book was Miss Willa Schroeder.

Various floral arrangements received as gifts decorated the hall. Many other lovely gifts were received by the honored couple.

A three tiered cake centered the table with single candelabra on either side. Mrs. Raymond Bausor, Mrs. Harold Ebert, Mrs. Norman Lorenzen and Mrs. Arthur Campe assisted in the serving.

Later, a dinner was served to 62 members of the family.

PTG To Get Filled In On Exchange Program

When the Lincoln-Way PTG meets next Wednesday (Feb. 5) students who are or have been a part of the foreign student exchange program will relate some of their experiences as such.

Since the current exchange student at Lincoln-Way is Lars Lindholm and the other two on the program spent their time in Sweden the program will have a distinctly Swedish flavor.

The other two are Beverly Guildenpoph, now a freshman at Illinois State university, and Jeanine Peters, currently a senior at Lincoln-Way. Both spent last summer as students in Sweden, sponsored by the Lions of Lincoln-Way. Beverly lived with the Magnusson family in Gothenburg, Sweden's largest port and second city, and Jeanine stayed with the Lindholm family at Stockholm. Both girls traveled with their respective families in Sweden and they also had brief visits in Paris, London and Frankfurt.

Lars is staying with the William Schwab family in New Lenox township.

Flower Show

The color of gorgeous flowers and the exotic beauty of tropical plants will be combined in the largest indoor gardens ever built to make The 1964 Chicago World Flower and Garden Show, McCormick Place March 7-15, a welcome harbinger of spring when midwesterners are still in their winter doldrums.

With all designers and sponsors of major feature gardens providing practical designs and plantings, there will be hundreds of ideas for every home gardener in this lavish show.

Also on the program will be Eugene Peters, as an exchange student parent. Sue Major, of the Lincoln-Way student council will serve as moderator.

The freshman chorus will sing.

which shall authorize the retail
sale of alcoholic liquor on the
premises specified for mem-
bers and guests only when ac-
companied by members, and
shall be issued only to clubs
as defined by the Illinois Liquor
Control Act, to local lodges or
national fraternal associations,
and to other bona fide fraternal,
pleasure and social associa-
tions not organized primarily
for the sale or consumption of
alcoholic liquor. The annual fee
for such license shall be One
Hundred Dollars (\$100.00). At
the time any application for a
Class B License or a renewal
thereof is made, the secretary
of the applicant shall furnish a

ed to read as follows:

"TERMS - NO PRORATING
OF FEE. Each license shall
terminate on the 30th day of
April next following its issuance.
The fee to be paid shall
not be reduced in proportion
to the full calendar months
which have expired in the year
prior to the issuance of the
license."

SECTION 3: That Section 9
of Ordinance No. 359 executed

on July 20, 1950, entitled "An
Ordinance Licensing and Reg-
ulating the Sale of Intoxicating
Liquors in the Village of
Mokena, Will County, Illinois,"
be and the same is hereby amend-
ed to read as follows:

"NUMBER OF LICENSES.
There shall be issued in the
Village no more than four (4)
Class A licenses and one (1)
Class B Club License and one
(1) Class C Package License

SECTION 4: That Section 11
of Ordinance No. 359 executed
on July 20, 1950, entitled "An
Ordinance Licensing and Reg-
ulating the Sale of Intoxicating
Liquors in the Village of Mokena,
Will County, Illinois," be
and the same is hereby amend-
ed to read as follows:

"A License shall be purely
a personal privilege good or not
to exceed one (1) year after is-
surance unless sooner revoked
as in this Ordinance provided
and shall not constitute prop-
erty, nor shall it be subject to
attachment, garnishment or
execution, nor shall it be alien-
able or transferable, voluntar-
ily or involuntarily, or subject
to being encumbered or hypo-
thecated. Such license shall not
descend by the laws of testate
or intestate devolution, but it
shall cease upon the death of the
licensee, provided that execu-
tors or administrators of the
estate of any deceased licensee
and the trustee of any insolvent
or bankrupt licensee when such
estate consists in part of al-
coholic liquor, may continue
the business or manufacture of
alcoholic liquor, under order of
the appropriate court, and may
exercise the privileges of the
deceased or insolvent or bank-
rupt licensee after the death of
said decedent, or such insolv-
ency or bankruptcy until the
expiration of such license but
no longer than six (6) months
after the death, bankruptcy or
insolvency of licensee. No re-
fund shall be made for that por-
tion of the license fees paid for
any period in which the licensee
shall be prevented from operat-

ing under such licensee and in
accordance with the provisions
of this paragraph.

Any licensee may renew his
license at the expiration
thereof, provided he is then
qualified to receive a license
and premises for which such
renewal license is sought are
suitable for such purpose; and
provided further, that the re-
newal privilege herein provided
for shall not be construed as
a vested right which shall in
any case prevent the president
from decreasing the number
of licenses to be issued within
his jurisdiction."

SECTION 5: All ordinances
or parts of ordinances in con-

Anyone who has a contribution for this collection should have it bundled in some manner, and placed at the garage door or at the front door, NOT at the curb, since it might interfere with the garbage collection which also takes place on Saturday mornings. The contributions should be ready for collection before 9 a.m.

The Teens Club held its second meeting of the month at the school, Jan. 20, at which six council members were elected.

They are: Bill Blank, who will be in charge of the care of the records and phonograph; Paul Quarterman, who will be in charge of obtaining chaparrones and notifying them when it becomes their turn; Cheryl Turner, who will be in charge of any needed decorations; Sandra Doogan, who will be in charge of entertainment; Priscilla Fitch, who will act as temporary council member in charge of soda pop and other refreshments used; and Terri

Homer, who will be in charge of advertising and publicity for the group.

The newly elected council members had an organizational meeting with the officers at the home of Harold Fitch, their adult director, last evening, (Jan. 29).

In addition to the elections there was also a discussion within the group about the advisability of selling residential numbered stickers through Arbury Hills as a fund raising project in conjunction with the Arbury Hills Civic Association.

The Teens club will make a door-to-door canvass of the area to sell the stickers at a charge of \$1 per sticker. The proceeds from the sale will be divided between the two organizations with the profits being divided with seventy-five cents for the Teens Club and twenty-five cents for the Civic Association.

A committee was organized in the Teens club for this purpose. Included in the committee are: Terri Homer, Cheryl Turner, Paul Quarterman, Bob Beer and Richard Been, and Sue Smith. The committee held a meeting at the home of Harold Fitch Jan. 21, to determine the best time for the canvassing. It was decided that the canvassing would take place beginning tomorrow evening, Friday, Jan. 31 and would continue through the entire week end until the whole area was covered.

The girls of the Teens club held a challenge match against the Women's Volley Ball Club of Arbury Hills. A rather lopsided score ensued with the women's team winning by the score of 50 to 20.

The next meeting of the Teens club will take place at the school on Monday evening, Feb. 3, beginning at 7 o'clock.

Membership in the group is limited to those young people between the ages of thirteen and eighteen, who reside within the school district, and are

now presently attending school. School dropouts are NOT permitted to join the organization. The dues are \$1 per six month period. The meetings are held twice each month at the school on the first and third Monday of the month from 7 p.m. until 10 p.m. There is usually a short business meeting, with dancing and volleyball filling the remainder of the time.

The Arbury Hills Civic Association will hold its February meeting at the school on next Tuesday evening, Feb. 4 at 8 o'clock. The annual election will be held. The nominations committee, under the chairmanship of Dick Heim, have been working for almost three months on providing a slate of candidates for office for the coming year. In addition there will be a call for nominations from the floor at the election meeting.

It is essential to the continued existence of the organization that there be the necessary quorum present at the meeting. The elections cannot take place without a quorum. If you find exception to the manner in which the organization is being run, please come and voice your disapproval verbally. No one is a mind reader in the organization. Staying away from meetings will solve nothing. Active interest will enable the organization to continue operation, and continue doing whatever a Civic Association is capable of doing, it was pointed out.

The Civic Association is responsible for the organization of the Teens club for the youngsters in the teenage group; they are also responsible for the raising of sufficient funds to organize the boys baseball league last year. They aided in the sponsorship of the Boy Scouts and donated towards their two flags. These are but a few of the major accomplishments of the group in the three years of existence with their being many smaller, but useful accomplishments being done.

It has not been a useless organization. Do not let apathy or dissatisfaction in the running of the group allow it to fold up.

Come out and voice your opinions and help elect the new officers.

Mrs. Barry Diercouff of 9304 W. Magnolia is interested in organizing a 4-H group in Arbury Hills for girls between the ages of ten and 21. The girls must be single and interested in sewing and baking which will be taught as part of the program. The meetings of the club will be held originally at Mrs. Diercouff's home. Any girls in Arbury Hills who would be interested in joining a 4-H Club should contact Mrs. Diercouff at 479-5068 by Feb. 15.

The Arbury Hills Kindergarten Organization held their January meeting at the school on Tuesday evening. The meeting was preceded by the board of directors meeting at which time H. James Wrath was in attendance.

The next meeting of the organization will be held at the school on Tuesday evening, Feb. 18, beginning at 8:30 p.m. The hostess for the next meeting will be Mrs. Mary Mundt.

Etta and Byron Skinner of 19339 South Oak Street became the parents of their fourth child, another son.

Gregory Scott Skinner presented himself at the St. James Hospital in Chicago Heights on Tuesday, Jan. 21. He weighed a respectable seven pounds twelve ounces at birth, and returned home several days later with his mother to be introduced to his two older brothers and one older sister, Byron Edward and Judith Ann, the Skinners nine year old twins, and Kenneth Eric their three year old complete the family.

FEBRUARY

Feb. 13, 1741 - Andrew
Bradford of Philadelphia pub-
lished the first magazine in the
U.S., a periodical he called
The American Magazine, or a
Monthly View of the Political
State of the British Colonies.
(Benjamin Franklin had
hoped to get out the first
American periodical, but his
magazine, The General Maga-
zine & Historical Chronicle,
went on sale three days after
Bradford's.)

Feb. 14, 1886 - The West
Coast citrus industry was
born as the first trainload of
oranges left Los Angeles for
eastern markets.

Feb. 17, 1897 - Two thou-
sand women attended a meet-
ing in Washington, D.C., to
organize the National Con-
gress of Mothers, the forerun-
ner of today's Parent-Teacher
Association.

Feb. 25, 1840 - The first so-
called "society reporter" made
his debut as William H. At-
tree, an ex-sports writer of
the New York Herald, cov-
ered the costume ball given by
Mr. and Mrs. Henry Brevort in
New York attired in a suit
of armor. The results of his
report gave way to a scandal
so acute that the City Council
promptly passed a statute for-
bidding masked balls.

Palos Orland Y Becomes Part Of Suburban Set Up

Paul K. Zeman, Orland Park,
chairman of the board of direc-
tors of the Palos-Orland YMCA
announced that the Palos-
Orland YMCA has entered into a
cooperative relationship with
the Beverly and Southwest Sub-
urban YMCAs.

Zeman indicated that the
board feels that the over-all
program of the Palos-Orland
"Y" can be strengthened thru
this consolidation.

Staff members who will serve
the entire area are Henry Was-
chow, program secretary for
"Y" Indian guides and day
camping; Miss Mary Louise
Thomson, program secretary,
high school youth; Paul Krouse,
program secretary, high school
youth; Richard J. Yawger, ex-
ecutive secretary and John P.
Kuhfahl, associate executive
secretary, high school youth
director.

Waschow and Krouse are
known to local residents, the
former having worked with "Y"
Indian Guides for the past year
and the latter having directed
Triple "Y" day camp the past
two years. Miss Thomson ser-
ved on the Chicago YMCA Met-
ropolitan staff as a consultant
in program and training.

Yawger also served on the
Chicago "Y" 's Metropolitan

staff for six years, most re-
cently as director of program
field services.

Kuhfahl joined the staff, com-
ing from Columbus, O., where
he was associate executive of
the Ohio-West Virginia area
council of YMCAs.

Donald J. Widler, executive
secretary of the Palos-Orland
department for the past four
years will continue working in
this area in a consultant re-
lationship. He will also direct
the Palos-Orland YMCA finance
campaign this year which is
again being chaired by Henry
L. Moorehouse of Orland Park.
Louis R. Modder of Palos
Heights is heading-up the spe-
cial gift and Century Club phas-
es of the current expense cam-
paign. Following the campaign,
Widler will be promoted. An-
nouncement of the new position
will be made at a later date.

In order to reduce overhead
costs, the Palos-Orland YMCA
offices have been moved to 94th
and Knox, Oak Lawn. The tele-
phone number continues to be
GI-8-3888.

William Cairnes of Palos
Park, a former board chairman
of the local "Y" stressed that
all existing programs are be-
ing continued.

Invitational Swim Meet Will Draw Five Teams

One of the highlights of the
swimming season at Carl Sand-
burg is the third annual Carl
Sandburg Invitational which is
 slated for Feb. 1. There are
usually five teams represented
in the Invitational. This year
Carl Sandburg, Joliet, River-
side-Brookfield, East Leydon,
and Maine East will compete
for the first place trophy.

Besides giving a trophy for
the first place team, Trophies
are awarded to the first place
200-yard medley and free style
relays. For the individual
events, medals are given for
second and third places.

Seeing that the meet is run
in one day, the contestants in
all events will swim once.
There will be two heats with
each school putting their fast-
est swimmer in the second
heat. The second man from the
certain school swims in the
first heat. The winner of the
event is determined on a
time basis which means no
matter which heat a contestant
swims if he has the best time
in his particular event

he receives the first place
medal.

In the previous two years
the first place trophy was
awarded to Bremen in 1962,
and Riverside-Brookfield in
1963. Carl Sandburg has been
runner-up both years.

It has been traditional in the
past to have a queen and court
for the occasion. The queen
is chosen by the swim team
on the basis of support of the
team as well as her appearance.
The girls receiving the next
highest number of votes become
the queen's court. This year's
queen is Kathy Cross, a senior
and president of the synchronized
swimming club. In her court
are Karen Howard & Kathy
Kalstrom. It is their duty to
present the medals and trophies
to the winners.

As added attraction the Carl
Sandburg Synchronized Swimm-
ing club is putting on a perform-
ance in the middle of the meet.
The show has been a success in the
past and is expected to be
even better this year.

Swimming Program Adds New Competitive Class

A new, competitive swim
class will highlight the second
semester of the Carl Sandburg
swim program this year. In
addition, all other swim class-
es will continue as before.

Robert J. Grindy, aquatic di-
rector, said the new class will
be open to both high school and
grade school students who have
graduated from the swimming
grade eight or could pass an
equivalent test to be given at the
pool. Admission to the class,
which begins Feb. 4, will be
by regular punch ticket.

The Saturday swim school
will also continue to offer nine
levels of instruction for stu-
dents five years of age and
over. Grindy explained that
the program follows a grade
system to teach swimming
skills ranging from beginning
through advanced. Students are
advanced at their own rates of
learning.

A child may enter the class
at any time during the year,
Grindy pointed out. "He may
take as many lessons as he
desires, miss lessons if he
needs to, and return whenever
he desires. He is never held
up by slower children, nor is
there any chance of a child fall-
ing behind because of absences,

since he is not in a set class."

Each child must buy one or
more punch tickets at the cost
of \$7.50 each. These are good
for ten lessons. Each time the
child attends class, the ticket
is punched. Each swim class
lasts 45 minutes, with 30
minutes of instruction and 15
minutes of practice and free
time.

Class schedule is:
Boys, Swimming Grades 1-6,
9:00 - 9:45 a.m.
Girls, Swimming Grades 1-6,
10:00 - 10:45 a.m.
Coed, Swimming Grades 7-8,
11:00 - 11:45 a.m.
Swim school tickets may be
purchased and new students may
register at the pool office in
Carl Sandburg each Monday
night during recreational swim
or on Saturday from 9 to 11
a.m.

Grindy also reminded in-
terested swimmers to attend the
recreational swimming sched-
uled at the Sandburg pool on
each Monday night from 7:30
to 9:30. Tickets are 75 cents
each, or may be purchased in
blocks of ten for \$7 and blocks
of 20 for \$13. Tickets are
available each Monday night at
the swimming pool office.

Hey, Commuters! Just You Look At This, New Cars!

(CNS) - The Rock Island Lines
has ordered twenty double-deck
commuter coaches valued at
\$3,100,000. R. Ellis Johnson,
president of the railroad said
Tuesday.

The new cars will be air
conditioned, have tinted glass,
fluorescent lights and will have
a seating capacity of 160
passengers each.
Johnson said the Rock Island
also is air conditioning
additional cars in its suburban
equipment fleet to bring the
total of Rock Island coaches

airconditioned to 75 per cent.
"This is the first step in
plans that call for the complete
modernization of Rock Island
Suburban equipment," Johnson
added.

The Rock Island's suburban
territory extends from down-
town Chicago to Joliet, serving
the Beverly Hills and Morgan
Park area, and Blue Island,
Midlothian, Oak Forest, Tinley
Park, Mokena and New Lenox.
Figures released by the rail-
road show that 30,000 com-
muters use the line daily.

TOURNEY WINNERS - Saturday evening, Jan. 19, found the
New Lenox lightweights (boys weighing 100 lbs. and under)
nailling the lid on the championship trophy, of the fifteen team,
lightweight division, of the Taft school basketball tournament.

After playing in the Thursday night semi-finals, in which
they defeated the tournament favorites 48 to 25 while scoring
at a 2 1/2 point per minute clip, and holding the tournaments
highest scoring player with an average of over 20 points per
game, to a mere 7 points. They still maintained enough
momentum to squeeze by a hard fighting Custer Park five, to
a one point victory and the championship.

This team is coached by Henry Marshall and team members
are Mickey Kruck, Guy Wolfinger, Gary Moss, Martin Bach-
mann, Harold Webb, Jerry Jensen, David Pollack, Keith Bach-
mann, John Minger, James Handor and Gary Jahneke.

JUNIOR GIRL SCOUTS of Troop 333 Lincolnwood have re-
cently completed the requirements to earn their "Own Troop's
Badge" on horsemanship. The girls voted to have a horses
head as the insignia.

During the past three and one-half months the girls ac-
complished learning the proper care of a horse, how to mount
and dismount, hold the reins, stop and start and guide a horse.
The requirements included knowing all parts of a horse, gaits,
breeds of horses and their origin. The girls read two books
and learned two songs about horses.

Primary instruction at the troop meetings was given by Mrs.
Glen Baker on the practice horse constructed by Robert Brown,
Mrs. Caroline Folkers, Frankfort, who is the riding in-
structress at Windy Hill Stables, Laraway rd., New Lenox,
instructed the girls in the care of horses and equipment. Each
girl took a short ride on an indoor runway on a show horse,
named Prince.

Grain Producers Can File For Government Payments

Notices of base acreages,
yields, and payment rates es-
tablished for the 1964 feed grain
program have been mailed to
feed grain producers, Carl M.
Bormet of the Cook County
ASCS office announced today.
Intentions to participate in the
program may be filed from Feb.
10 thru March 27.

Mr. Bormet pointed out that
two diversion payment rates are
established for each farm. The
minimum rate applies to the
first 20 percent of the base
diverted, and the additional rate
to the acreage diverted between
20 and 39.9 percent of the
base. When at least 40 per-
cent of the base is diverted,
the additional rate applies to
all such acreage. To be eligi-
ble under the program, pro-
ducers must timely file inten-
tions to divert from a mini-
mum of 20 percent to a maxi-
mum of 50 percent (or 25
acres, whichever is the larger)
of the farm feed grain base,
and devote such acreage to an
approved conservation use.

Farm yields and diversion
payment rates are based on
each farm's capabilities to pro-
duce in relation to the county
average. Any producer who be-
lieves the determinations for
his farm are incorrect or in-
equitable may file an appeal
for reconsideration with the
county committee within fifteen
days from the date of the feed
grain notice. Mr. Bormet said,
The law provides that where
a producer can prove the farm
yield for each year in the 1959-
1962 period, the yield and pay-
ment rates for the farm will

The truck drivers union has
come close to achieving the goal
of one contract to cover
the major portion of the nation.
The Chicago area truck
operators have a separate con-
tract with almost identical
terms.

It is a little difficult for this
column to note wherein there is
much distinction in the same,
but separate union contract as
to truckers in the Chicago area and
outside this area.

The power for good or evil
of Hoffa, head of the trucker's
union, is certainly something
never contemplated by the con-
gress when it gave strong pro-
tective legislation to the grow-
ing unions. They were exempted
from punishment for collusive
activity covered by the Sherman
Anti-Trust Act. The industries
which may be the victims of
results of collusive action on the
part of their unions, must be
very careful in any collusive
action on their part as there
are teeth in the Sherman Anti-
Trust Act and government agen-
cies have used this power to dis-
cipline industry in a substantial
way.

Usually a substantial gain by
one union such as the truckers,
to result in a determined effort
by other unions to achieve like
results. Quite a number of
labor union contracts expire
in 1964 and are up for nego-
tiation. Labor union politics is
sometimes rough with no
quarter given or asked.

The heads of the major unions
often become very powerful in
political controls at municipal,
state and federal levels. The
machinery for operation of
these unions, requires close co-
ordination between top union
management and small member
groups who have channels for
local grievance settlements.
The usual political party

organization is not nearly so
detailed in coverage of its mem-
bers.

The stock market, like other
fields of human activity, has its
myths, adages and axioms which
have currency from time to
time. Too often, however,
the oft-repeated adage, does not
operate exactly as expected.

An old adage which has been
heard often - "Copper is the
last group to rise and the first
to go down". The Jan. 15th
issue of Financial World
carries an article titled, "The
Laggard Coppers." It notes
that copper shares have lagged
behind the general market, for
most of the past eight years.

The article notes that copper
issues often delay full partici-
pation in a bull market
until the later stages.

The article notes that leading
coppers have attraction with
lower price - earnings ratios,
considerably higher yields than
is usual at this time and also
the prospect of an improved
earnings picture. The article,
however, states that the coppers
are not suitable for the conser-
vative investing account, but
appear interesting to those who
want to assume a business
man's risks.

In analysis of the copper mar-
ket, the article notes that con-
sumption of copper in this coun-
try for 1963, is estimated at
1.7 million tons vs 1.6 tons in
1962 and that indications are
that consumption is not de-
clining at this time. European
demand has been increasing and
especially during the last six
months. It is noted that Rus-
sia is the second largest
producer, but is believed to be
consuming more than produced.

It is believed that any
increase in mine output is likely
to be limited due to political
instability in copper producing
areas of Africa and South Amer-

Seek Contestants For Illinois' Junior Miss Pageant

Illinois' Junior Miss Pageant, a scholarship program for high school senior girls, will be conducted during the week of Feb. 16 in Mount Prospect.

"This pageant offers a tremendous opportunity for intelligent, attractive high school senior girls who look forward to college next fall and require or desire scholarship assistance," Chairman Ray Van De Walle said.

Potential contestants may receive full information by writing The Tanyon Company, 4304 West Fullerton, Chicago, or calling Van De Walle at Dickens 2-0130 before Feb. 8.

By charter agreement, candidates for the title Illinois' Junior Miss must be of good character and high scholastic standing and should be attract-

ive and possess poise, personality, intelligence, and charm. Contestants must be single, not less than 16 nor more than 18 years of age and should be in the upper 20 per cent of their high school graduating class.

Each contestant must also be prepared to display a four-minute routine of talent - singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, etc. - or may give a four-minute speech on the subject of her choice.

"This is not just a beauty contest," Van De Walle stated. "In fact, Illinois' Junior Miss will not be permitted to appear or be photographed in a bathing suit during the year of her reign." Judging is based

upon mental alertness and scholastic achievement (25%), individual conferences (25%), poise and appearance (15%), youth fitness (15%), and creative and performing arts (20%). Illinois' Junior Miss will be flown, free of charge, to Mobile, Alabama and the America's Junior Miss Pageant prior to March 14, and will be the guest of a Mobile "host family" until she returns on March 22nd. Illinois' representative will incur no expenses during her visit.

HOMER NEWS

BY ELIZABETH ANDERSON

Gloria Hiller, fourth grade pupil at 33-C, fell as she was playing on the school grounds Wednesday, fracturing both bones in her ankle. Following the setting of the bones she was taken to her home on Rt. 7 to recuperate. Gloria is the daughter of Mr. and Mrs. Henry Hiller, Jr.

Mrs. Isabel Francis of Lockport is a visitor in the home of Mrs. William Heatherwick at Goodings Grove.

A stray bullet, evidently from a hunter's gun, dropped into the yard at the Edward Hallis home on 151st st. recently, and struck Mr. Hallis on the hand as he was examining a car. The bullet pierced his glove, and glanced off, inflicting a wound which drew blood.

Vandals entered the home of Mrs. Alice Phillips, Bruce Rd. last Tuesday while the family was away. They gained entrance by smashing the glass in a door and took a TV set and some guns. A new house on the Phillips property was also entered, but nothing there appeared to have been taken.

The Homer Pilgrim Fellowship group spent a very enjoyable afternoon in the Elwyn Reed home last Sunday. It was a little wet for skating as planned, but the time was well filled with a worship and business session. Indoor games were played and refreshments were served. All agreed that the Reed family were fine hosts.

Dr. Dixit of India, a research worker at Illinois University in Chicago, and Mohammed Ali a student from Pakistan, spent a short weekend in the Ray Carlson home.

Mr. and Mrs. Leroy Deel and infant daughter, Lorrie Ann, have moved into the trailer home on E. Division st. which was recently vacated by the Larry Whites.

Several Homer residents attended the Soil Conservation meeting and turkey dinner at the Firemen's Hall in Elwood last Wednesday, which was sponsored by the Will County Sportsman's Club.

Among the guests were Mr. and Mrs. Merritt J. Cagwin, Mr. and Mrs. Loren Sass, Mr. and Mrs. Russell Lauffer, Mr. and Mrs. Fred Lauffer, Kenneth Lauffer, Mr. and Mrs. George Welter, Mr. and Mrs. Robert Burch, Mr. and Mrs. Charles

Jungles, Mr. and Mrs. Bruce Anderson, George and Kathie Anderson and Charles Trantina and son.

The Wayside Workers Circle of King's Daughters will meet on Thursday, Feb. 6 at 1 p.m. with Mrs. Stanley Cox and Mrs. Don Aspel as hostesses. The meeting will be held in Mrs. Cox's home.

Mr. and Mrs. Edward Triem of Frankfort are the parents of a boy born Jan. 17. This is the third boy for the family, the mother being the former Betty Kasper, a former Homer resident.

George Burcham Jr. left Tuesday to return to army duty after enjoying a months vacation at home. He is being sent to Korea.

Mrs. John White and Mrs. Stanley Cox were shoppers at Brookwood Shopping Center, Wednesday.

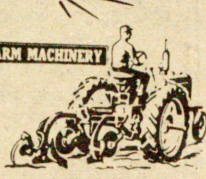

John White, E. Seventh st. has returned from a business trip to Idaho.

Faye Anderson is assisting with the baton-twirling program at the Lockport Youth Center each Wednesday evening.
